Nad Of the Month

This Nad of the Month can be called "Boss" by several other Nadadores! He grew up in Rockland County where he got his start in the "business" at Tomaselli's Pizza and Pasta restaurant. Soon an expert at tossing pizza crusts

(and much more) he set out to conquer the world...the world of food, that is.

After graduating from the Culinary Institute of America in New York, he cooked for the Hyatt and then landed a dream job catering on the Tall Ships for Windjammer Bare-foot Cruises. Yep, there's nothing like climbing up and

down a fifty-foot ladder into the hold of a bucking ship to get a gallon of ice cream, or watching your sauteed hot vegetables sliding off the stove onto the deck!

Our Nad survived the ocean to go back to School and earn a bachelor's degree in Hospitality Management from FIU. After that he moved to the much safer, if somewhat less glamorous, world of hospital food service. Now he is striking out on his own with "Michael's

Catering" and is cheerfully employing fellow Nads in the business.

For the past eleven years he has been happily partnered with Alan, who also swims with the Nadadores. Nad of the Month is Michael Meltzer.
